RESEARCH EXPERIENCES FOR HIGH SCHOOL STUDENTS
Summer 2018

The CRISP High School Research Fellowship provides participants with the opportunity to conduct team-based interdisciplinary materials research. Participating students are engaged in a four-week research project as members of a research team including university faculty, undergraduate and graduate students.

REHS Program: July 2—July 27, 2018
Applications due by April 1, 2018

http://crisp.southernct.edu/?page_id=465

STIPEND:
Each high school participant will receive a stipend of $500

ELIGIBILITY:
This program is open to highly motivated, rising junior or senior high school students, from the New Haven Public School system. Minorities, women and persons with disabilities are strongly encouraged to apply. Must be 16 years old or older, a US citizen, or permanent resident.

Students participating in the CRISP summer program will be responsible for obtaining transportation to SCSU and Yale for the duration of the program.

APPLICATION PROCESS:
The selection of REHS participants is based on a personal statement, resume and one letter of recommendation. The online portion of the application is available at http://crisp.southernct.edu/?page_id=465

Please send materials to CRISP REHS Fellowship 2018 • c/o Carol Jenkins • SCSU Physics, SCI 043 • 501 Crescent Street • New Haven, CT 06515
